

# *Bentley Barley*

- ◆ **Exceptional multi-purpose barley.**
- ◆ **Well suited to the Central Alberta growing conditions.**
- ◆ **High yield potential for grain and forage. A good replacement for *Seebe* and *Xena*.**
- ◆ **Has a consistently plump kernel.**
- ◆ **Good fit for the Alberta feed barley market.**
- ◆ **Canada Malt is enthusiastic about the future of *Bentley* Barley for malt.**
- ◆ **Production contracts are available through Canada Malt.**
- ◆ **Parkland Fertilizers Agrology has confidence in *Bentley* Barley. It looks very impressive in the field.**
